*"The Consultants at GlobeCoRe, Inc. have an amazing ability to simplify abstract concepts using concrete solutions that ensure results."
Health Scientist, CDC*

Company Summary

GlobeCoRe, Inc., is an Atlanta-based Psychological and Global Consulting Practice providing comprehensive empowerment services to diverse individuals, families, groups, and the institutions that serve them. All of our counselors and consultants are highly trained Ph.D. or Master's level professionals with various theoretical and practical orientations.

Visions: Better People, Better Programs, in a Better World.

Mission: We work with you to overcome adversity and secure fresh perspectives and new opportunities for the next phase of life. We are committed to your growth and providing empowering approaches that get you back on track and to the next level of development. We value growth and participatory and sustainable change, empowering, results-driven, and that meets clients where they are.

Core Competencies

- Therapeutic Services
- Psychological Evaluation
- Cultural Immersion Experiences
- Applied Research
- Consultation & Supervision
- Workshops & Training

Corporate Expertise

With over 80 years of combined experiences, our team of experts provides a wide range of customized face to face and virtual empowerment services to individuals and organizations of all sizes. We work across various industries on multiyear projects at local, state, regional, national, and international levels to help our clients achieve their outcomes. Our innovative, accurate, and reliable services ensure that our clients get the highest quality work in a rapidly changing global market. A partial list of our past performance includes:
